

High-Profile Mexican Association of Firms Joins Morison International

From 1 July 2011 Grupo KMC Contadores Públicos will join Morison International to provide representation in Mexico.

The national association comprises of 8 firms with 24 partners and associates and around 250 employees and is led by Keller, Matas, Campos, S.C located in Mexico City. The lead firm was established in 2000 following the union of 3 firms who wanted to better serve larger and more complex clients whilst retaining their independence. The association has now grown substantially with offices in Cancún, Guadalajara, Chihuahua, Tijuana and Guanajuato.

The international liaison partner for the group is Jaime Campos who is a partner at Keller, Matas, Campos, S.C.

The group offers accounting, tax advisory, audit, bookkeeping and payroll services. All partners and associates are members of the Colegio de Contadores Públicos (Public Accountants Association) of their region and the Instituto Mexicano de Contadores Públicos (National Accountants Association). All partners are also certified by the Instituto Mexicano de Contadores Públicos and are authorised to sign audit reports.

25% of the association's clients are Mexican subsidiaries of international groups which require both local and international expertise. The group also serves a number of public listed companies.

On behalf of all member firms, Morison International would like to welcome Grupo KMC Contadores Públicos to the association and congratulate Morison International Latin America (MILA) on the development of this important region.
