

## Prominent US Firm Joins Morison International

Marks Paneth & Shron LLP (MP&S), the 30th largest firm in the US, has joined Morison International (MI) and will represent the association in New York, Connecticut and northern New Jersey.

MP&S has 62 partners and principals and approximately 450 employees, and is ranked as the 13th largest firm in the New York area. The firm has four offices in Manhattan, Long Island, Westchester and the Cayman Islands. MP&S provides a range of accounting, auditing, tax, consulting, restructuring, bankruptcy and advisory services as well as litigation and corporate financial advisory services to domestic and international clients.

The firm has a wealth of expertise across numerous industries, including real estate and retail, financial services, media and entertainment, not-for-profit and government, energy, manufacturing and professional services.

Liza Robbins, CEO of MI, said: *"In accordance with our highly selective recruitment policy, we invested considerable time and resource to find the right firm to represent the association in New York and surrounding areas. We held in-depth discussions with a number of high quality firms, but felt that MP&S' excellent profile provided the best fit for MI and its members."*

Mark Levenfus, Managing Partner of MP&S said: *"We were delighted when Morison asked us to join their association. Our two organisations are well aligned: both are ambitious, innovative and professional. We are also very pleased to be able to collaborate with other outstanding professional services firms around the world, thereby acquainting a broader group of global companies with our experience and services. This is a mutually beneficial opportunity, and together, we will go from strength to strength."*

The appointment of MP&S represents an important milestone in the association's growth strategy. Working with MP&S and existing member firms MI expects to further strengthen its US representation with the appointment of other significant and high quality member firms in the near future.

On behalf of all member firms, MI is extremely pleased to welcome MP&S to the association and we look forward to many years of successful collaboration.
